EDAC Names New Manufacturer's Representative to Serve the Countries of Mexico and Central America

TORONTO, Canada – July 2017 - EDAC, a global leader in the design and manufacture of RoHS-compliant interconnect products, today announced Everest Sales & Solutions, Inc. has been appointed to represent the EDAC connector lines in Mexico and Central American countries. With this addition to EDAC's global sales network, the Company continues to affirm its strategic initiative to provide customers with local design and engineering support, and access to their broad offering of quality connectors.

Everest Sales & Solutions, Inc. will sell and support EDAC's standard and custom interconnect products to OEMs and Distributors in a wide range of industrial, commercial, data storage, and consumer markets. Everest Sales & Solutions, Inc. will provide hands-on field support to key accounts, and effectively promoting EDAC's extensive custom connector capabilities.

Everest Sales & Solutions, Inc., is an established firm with over 15 years of history, serving its OEM and distribution partners in the Electronic and Electromechanical Component marketplace. "We are confident Everest Sales & Solutions, Inc.'s knowledgeable sales team will be able to continue our unprecedented sales growth and expand our sales through the region", said Bob Sakitkovski, Vice President of Operation, Americas.

"EDAC is very pleased to have companies of Everest Sales & Solutions, Inc.'s caliber representing our interconnect products in the Mexican and Central American markets. They have an outstanding reputation for excellent service to their customers and distribution partners in Mexico and Central America. We are confident Everest Sales & Solutions, Inc. has the specialized skill-set needed to help engineers and purchasing professionals minimize costs, excellent concept to market, and deliver exceptional service." Stated Bob Sakitkovski

"Everest Sales & Solutions, Inc., is pleased to have been chosen to represent a "Best in Class", connector manufacture in the countries of Mexico & Central America. EDAC, has been around for half a century and is a vertically supported Global Connector Manufacture, with Competitive Technological Solutions for all designers looking for a supplier with local and global support. Feel free to contact any of our offices for any inquiries." Stated Gary Sandoval

About EDAC:

EDAC has been designing and manufacturing interconnect products for over 50 years. Today EDAC supplies a wide variety of products to customers globally. We understand our markets and provide off-the-shelf and customized products manufactured to the highest quality standards.

Whether your requirement is fully custom, semi-custom, enhanced, or you need to replace an end of life part, we are dedicated to solving problems and supplying solutions to ensure you get the right product for your application. Our Experience Makes the Difference.

Connectors have evolved over the last 50 years and EDAC has been one of the leaders in the industry's evolution. EDAC offers a wide range of products including Card Edge, Rack and Panel, RJ45, USB & Firewire, Waterproof, PLCC Sockets and D-Subs
