EDAC Names New Manufacturer's Representative to Serve Canada

TORONTO, Canada – April 2011 – EDAC, a global leader in the design and manufacture of RoHS-compliant board-level interconnect products, today announced CST-Arwin has been appointed to represent the EDAC connector lines in Canada. With this addition to EDAC's global sales network, the Company continues to affirm its strategic initiative to provide customers with local design and engineering support, and easy access to their broad offering of quality connectors.

CST-Arwin will sell and support EDAC's standard and custom interconnect products to OEM and Distributors in a wide range of industrial, commercial, military and consumers markets. CST-Arwin is further charged with providing hands-on-field support to key accounts and effectively promoting EDAC's extensive custom connector capabilities.

CST-Arwin is an established firm with 19 years of history, serving its OEM and Distribution partners in the Electronic and Electro-mechanical Component market place. "We are delighted that CST-Arwin is joining EDAC's professional sales network. With a joint effort between the two companies, EDAC and CST-Arwin will continue unprecedented growth and sales throughout the region", said Bob Sakitkovski, Vice President, Business Development and Operations at EDAC.

Ross Forbes V.P. Sales at CST-Arwin, noted, "The EDAC product is the perfect fit to compliment the CST-Arwin passive electro-mechanical portfolio. We look forward to working with the entire EDAC team."

"EDAC is very pleased to have companies of CST-Arwin's caliber, representing our interconnect products in Canada", stated Bob Sakitkovski. "They have an outstanding reputation for excellence in product knowledge, as well as superior application engineering expertise. We are confident CST-Arwin's organization has the specialized skill-set required to help Design Engineers and Purchasing Professional minimize costs, speed time-to-market, and delivery quality products."

About EDAC Group:

The EDAC Group of companies are global leaders in the design and manufacture of interconnect products. EDAC serves more than 7000 clients directly and through distribution partners globally. The Company's businesses consist of EDAC (www.edac.net), Norcomp, (www.norcomp.net), Communication Devices and MH Connectors (www.mhconnectors.com). Founded in 1965, EDAC is headquartered in Markham, Ontario Canada and has operations in Europe, the Americas and Asia. For further information, visit, www.edac.net
